

Help

Search Bar

To search for a movie, please use the format:

MovieName#Year#Director#Category

*Note: Hashtags are mandatory

For Example:

Avengers#2020#Iron Man#Action

Once you are finished typing the movie and its information you are interested in watching, simply press the red button located to the right of the search bar.

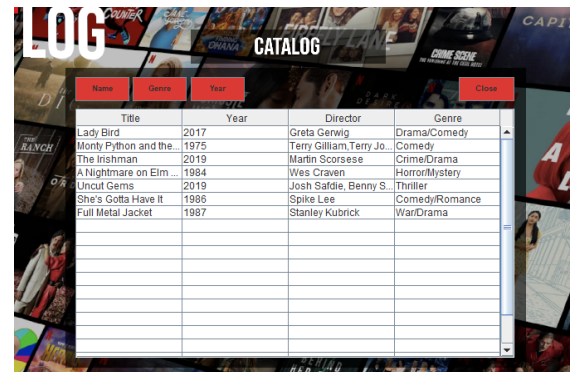

Catalog

Here on the catalog screen, you will be able to access the following:

- All movies
- Movie sorting (by names, category and year)
- scrollbar

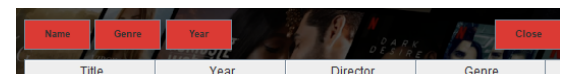

Movies with various categories will be located here (you can also search for movies if they are not here).

Sorting:

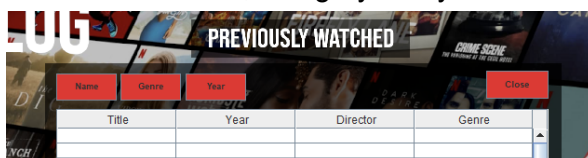

1. To Sort, simply just click one of the buttons on the top of the screen.
2. The movies should then be automatically sorted.

To return home, press “Close” on the top right corner.

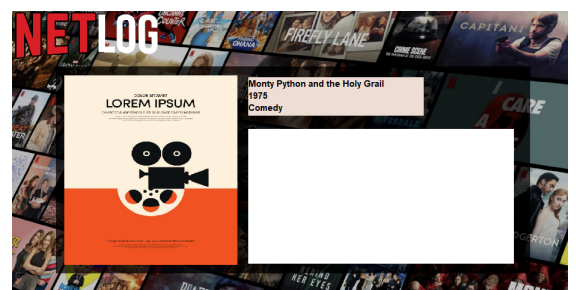

History

All movies searched for will appear here. Once you search for a movie, the name of the movie, year, author/director and category will appear. The movies in history can also be sorted by the name of the movie, category and year.

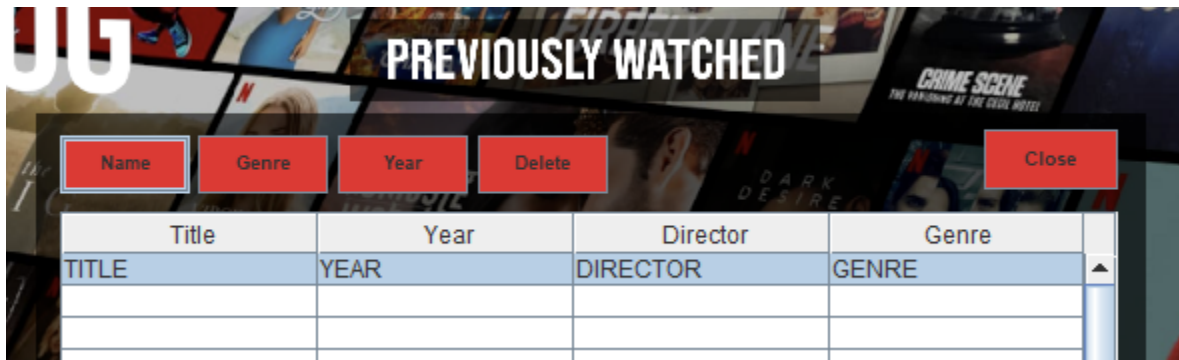

Random movie

This screen will select a random movie from Catalog.

Delete

To delete Something from History, click on the movie you want to delete (it should highlight), then click the delete button.

The screenshot shows a user interface titled "PREVIOUSLY WATCHED". Below the title is a table with four columns: Title, Year, Director, and Genre. The first row of the table is highlighted in blue and contains the headers "TITLE", "YEAR", "DIRECTOR", and "GENRE". Above the table, there are four red buttons labeled "Name", "Genre", "Year", and "Delete", and a "Close" button on the right. The background of the interface features movie posters, including one for "CRIME SCENE: THE PARANOID AT THE GUILD HOTEL" and another for "DARK DESIRE".

Title	Year	Director	Genre
TITLE	YEAR	DIRECTOR	GENRE
